Rev. John Harbort, of Louisville, will preach at the Presbyterian Church tomorrow morning and evening.

Messrs. Davidson & Williams have had a telephone put into their branch house in this city. The number will be 63.

The exhuming of Mr. Frank G. Montgomery for the shooting of Mr. Chas. F. Taylor, has been postponed until Tuesday.

Mr. Chas. H. Egbert died Thursday night at the residence of his father, near this city, of consumption and rheumatism of the heart, in the sixtieth year of his age. He was a member of the National Guards and was buried with military honors yesterday afternoon by the National and Military Guards, a detachment of the Light Artillery acting as pall bearers.

The property holders on Shelly street South Side, whose fences are out on the street have been ordered by the City Council to move them in. This is a good move, and now if the Council will back up the order with a law suit if the parties fail to comply, it will be still better, for property holders on other streets which are not used one-tenth so much have been compelled to give up valuable ground, and there should be no distinction made. Treat all alike.

The S. V. Pence Burned.

Wednesday evening about dark the steamer saw-mill boat S. V. Pence, owned by Capt. S. V. Pence, arrived at the dock below the city, having in tow two flat boats, one loaded with wood and the other a "cherry boat," used as a boarding house for hands employed in cutting wood down on the river. The wood boat was leaking and Capt. Pence concluded to tie up and not attempt to pass through the lock until morning, so all three boats were made fast to the bank, some at the bank came up to the city and the others retired for the night. About 11 o'clock Thursday morning, the colored watchman, discovered the steamer of the Pence to be on fire, and although he awakened the other hands, and they made an effort to subdue the flames, the boat was burned to the water's edge and sunk. Nothing of consequence was saved of the steamer but both the flat boats were saved. The boat cost Capt. Pence \$3,480, and he had but \$3,500 insurance. It will build a similar boat in the spring.

Suffocated by Gas

A man under the influence of liquor went to the Meriwether Hotel Wednesday night, registered as B. C. Atkins, and asked for a room, stating that he had no money but would leave his overcoat in the possession of the clerk until morning, when he would get the money. He said he was from Woodford county, and retired about nine o'clock. Thursday morning one of the employees went to call him to breakfast when it was found the door of the room was fastened and the inmate could not be awakened. Mr. At. Meriwether was informed, and procuring the press key, he went into the room and found Atkins lying on his face on the floor dead. The gas was found on full and it is supposed that he blew it out upon retiring and was smothered to death.

He had nothing in his pockets but an empty whisky bottle and a handkerchief, was a man of middle age, slightly bald.

Crowder McEwan held an inquest Thursday morning, when the jury returned a verdict of death from suffocation.

Thursday night the friends of the dead man arrived in this city, took charge of the remains, and conveyed them to Monticello, Woodford county, where the deceased was a prosperous blacksmith. When he left home it was with the intention of going to Louisville, and his friends are at a loss to know what became of his money, as he had a considerable sum with him when he started.

\$100 Reward

Is offered for any case of Catarrh that can't be cured with Hall's Catarrh Cure. Taken internally. Price 75 cents.

Call and see Waggoner's holiday goods.

There will be a wedding in South Frankfort on Christmas day.

Rev. Dr. J. M. Lewis will preach at the Chapel in Taylorton tomorrow afternoon at 4 o'clock.

If Catarrh has destroyed your sense of smell and hearing, Hall's Catarrh Cure will cure you. 75 cents per bottle. Druggist sell it.

Masonic Notice

There will be a meeting of Frankfort Council, No. 3, R. and S. M., at Masonic Hall on Tuesday evening, December 19, 1882 at 8 o'clock, for the purpose of reorganization. By order of C. H. HATCHETT, T. L. G. M.

Mr. W. T. Reeling, as is his usual custom, has brought on and is now opening a large stock of Christmas goods, such as toilet sets, vases, majolica-ware, china-ware, &c., and he invites his friends to call and examine his goods before purchasing, as his prices will compare favorably with any other house in the city.

We regret to learn that Mr. Thomas Crittenden, formerly of this city, but now of Anchorage, killed a negro man at that place Wednesday afternoon. It seems that the trouble grew out of the negro's having been a witness against Crittenden in a trial before a magistrate's court at Middletown that morning. After the trial was over Crittenden returned home, got his double-barreled shotgun, hauled up the negro, fired two charges of duck shot into his body, killing him instantly.

Messrs. Frank Kelly and Morgan Lane, who had been drinking, started to leave this city in a buggy by the Millville pike, and when back of the Cemetery Kelly fired off his pistol, which frightened the horse and caused him to run away. The buggy was overturned near the railroad crossing at the Walnut Cut, the two men were thrown out and the buggy smashed to pieces. Lane had one of his legs broken in two places and Kelly's head was badly cut. They were brought back to this city by Mr. John Trumble, where they received medical attention.

A CARD.

Editor Roundabout:
In answer to a call made upon us a few days since, through the columns of the Roundabout and Yeoman, to become candidates for School Trustees, we will say, that while we are not candidates for the positions, if the people desire our services for another term, and elect us, we will endeavor to discharge the duties to the best of our abilities.

Respectfully,

A CALL.

Editor Roundabout:
The names of Edward Hensley and Dr. T. V. Williams will be voted for as School Trustees at the coming election. South Frankfort has no representative in the present Board. While there are no special complaints against the present Board, it is best for the interests of the school that one or more new Trustees should go in at the bi-annual elections.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky as second class matter.

GEORGE A. LEWIS.
Editor and Publisher.

FRANKFORT, DECEMBER 16, 1882.

Is an Election in January Legal?

Section 30 of the act approved March 16, 1869, entitled "An act to amend and reduce into one the several acts in relation to the City of Frankfort," reads:

Three School Trustees shall be elected by the qualified voters of the City of Frankfort, annually, at the same time, and place and in the same manner that Councilmen are elected.

The act of March 15, 1871, amending the above act, so as to prolong the terms of City Councilmen to two years instead of one, failed to provide for the election and terms of School Trustees, and on the 24th of December, 1871, an act amending the act of March 15, was passed by the Legislature, Section 3 of which said as follows:

School Trustees for the City of Frankfort shall hold their offices for the same term, and be elected at the same time, that Councilmen for said City are elected.

The act passed by the last Legislature amending the City Charter fails to fix the time for the election of School Trustees. The election for Councilmen has been held, and no election of School Trustees was held "at the same time and place, and in the same manner," and the question arises, will an election on the first Saturday in January be legal; if not, do the present incumbents hold over?

When the present office of the Clerk of the Court of Appeals was changed from a court room, the raised floor was taken out of the north side and a fire place put in. Instead of taking up the floor and building up with masonry and filling in with sand for the hearth to rest upon, a thin cast iron hearth was placed on top of the boards and screwed down. On Saturday the heat of the ashes falling upon the hearth caused the flooring underneath to take fire, and it came near proving a serious matter. The flames were extinguished, however, without much damage, and the defect remedied.

Mr. Alex. McEvan was standing in front of Weitz's confectionery Wednesday when a piece of slate weighing a pound, on the Mansard roof of the Old Fellows' Temple became detached and fell, striking Weitz's sign, where it glanced off, struck Mr. M. on the side of the head, slid down his right arm and raised a knot on the back of his hand. Had it not been for the sign some magistrate would in all probability have had to hold an inquest on the Concomer.

Elder George Darsie will deliver a lecture in the Pleasant Hill Christian Church, near Peak's Mill, next Thursday night, on "The Man of Sin." Those who have heard this lecture speak in high terms of its merits. There will, no doubt, be a large crowd present. The lecture is intended to liquidate a small debt that hangs over the Church, and while no admission fee will be charged, everybody who comes will be expected to contribute to the payment of the debt.

One day last week will hog belonging to the Fitch-himself Institute got into the premises of Mr. Pat. Downey and played havoc among his stock. It killed two yearling calves, tore the hide from a fine cow, and ripped up the legs and body of a valuable horse so that it will die. Its tracks are said to have been numerous. It was disposed of immediately and has doubtless been made into sausage by this time.

Sam Gilden, colored, who was arrested for breaking into Mr. L. Tobin's grocery two weeks ago, had his examining trial Tuesday morning and was held to answer at the Circuit Court in \$200. Officer Stephens found two of the hogs, which were stolen in the possession of parties who said they bought them from Gilden. Samuel's chances to work for the State for a year or two for his beard and clothes are very flattering.

Andrew Kirkpatrick, who shot Harry Jackson last week, had his trial before Judge Sneed and Esquire Bohannon Wednesday afternoon, and was acquitted of the charge of shooting with intent to kill, but was fined twenty-five dollars for carrying concealed weapon and five dollars for being drunk and disorderly.

The proprietors of Kendall's Spanish Cure challenge the whole world to produce its equal as a cure for rheumatism or any other deep seated pain. It stands without a rival.

Mr. J. M. Parker wishes to sell a half interest in a grist and saw-mill which is doing a good business. Read his advertisement.

Mr. Will. Vaughn, formerly of this county, grandson of the late Walter Vaughn, and Miss Angie Grinstead of Louisville, were married at the First Christian Church in that city Wednesday night. Elder B. B. Tyler performed the ceremony.

Mr. Charles H. Huxley and wife, of Fayette county, are visiting relatives in this neighborhood.

I am under many obligations to Mr. Hunter for calling on me and for the advice he has so kindly given me for a while he should have signed his name instead of Hunter, for I think he has buried long enough in vain.

The debate in the school house Saturday night passed off very nicely. There will be no more of the same place. Saturday night, the 15th inst., on the question, "which deserves the most praise, Columbus for discovering America, or Washington for defending it." Everybody enjoyed.

Married—At Antioch Tuesday, Dec. 11th, Mr. Robert Edgerton, of Henry county, to Miss Jennie Penn, of this county. Also, Mr. Charles Clark and Mr. Thomas Shank, both of Henry, were the attendants. Fred Rump, Berice Jenkins, Clinton Sanders.

Benson.

Mrs. James Shouse is improving slowly.

Mrs. J. H. Shields is still unable to leave her room.

This would be a good place for a roller, industrious shoemaker.

There is some talk of a broom factory being established here. It may pay.

The children are beginning to talk about Santa Claus. What will he bring me?

Little Lou Bunnely, daughter of John Brumley, is very sick with pneumonia.

W. F. Clark and wife have been very sick but are reported better at this time.

Little Maggie, Clark daughter of Wm. Clark, who has been in very poor health for several months, we are glad to hear is now improving.

What has become of the Truesville corner pond, did that big pond dry up then all dry or perhaps not, that pond is, watching the one for he got into three holes. How was it, Johnson?

There is less litigation in this precinct than any we know of in the county. Our lawyers would starve on the income of their offices. There have been no suits filed for four or five months. Hurrah for Benson!

Mr. John Bodkin's daughter, Ella, aged 14 while in the fall backwards into the den a few days ago, but had not been for her mother would, but been horribly burned. Fortunately she was only slightly burnt.

The freight train from Louisville last Monday morning (John Magaff, conductor), just arriving this morning, by some means broke in coming but passing down grade, it ran as far as Conway's mill, where they came together with a crash. One of the ballroom was thrown from the top of a box car on to a flat car, but sustained no serious injury. Several of the cars had their front back smashed to splinters, their draw bars broke and one of the box cars' trucks rolled about the road under the power car, front and end were scattered for several hundred yards along the track. This accident threw the accommodation about an hour behind time.

Friends, if you want to do well, marry; but if you want to do better, for goodness sake stay single.

Our prophets say it will be cold in winter, and spring makes for appearance. "Whether there be prophetic, they shall fail." Let this sentence console all poor cold nattered creatures.

Some of our reports that turkeys are ripe, which they would please tell us where they grow, for it would be a perfect curiosity for the people of this vicinity to gather them.

While riding along the other day I heard some guessing and waiting to know this Reporter is, but I tell you you would be shocked as for desisting if you only knew. But believe me, it is only I, be not afraid, I'm neither a lion or hyena, but—

Bald Knob.

It is rumored that we will have a wedding in this vicinity in a few days.

Parties are plentiful in this neighborhood, and the young folks are having a good time.

It is said that a young man in this section took his girl to church, and when he found his rival was there, he went to the side track, and held the young lady's horse during service to keep the other fellow from going home with her.

Mr. Bruce Peyton says he is afraid he will lose his legs from having cut them in a vat full of scum, and then took them out too soon. He says they have taken cold and he will lose part of them without a doubt.

Roll of honor of Bald Knob school for the week ending December 15th, 1882: Robert Noel Lee, Wm. Warren, Tilden Harold, Frank Albridge, Chris Rodgers, L. M. Daniel, E. Marshall, and Wm. Paris; Moses E. McDonald, V. Gordon, M. Nash, L. Peters, N. Smith, and C. Nash.

The debate which was held here on Friday night of last week between Joseph B. Fears and D. P. Bentley attracted quite a large crowd, and all seemed to enjoy the occasion very much. Mr. Bentley, thinking himself unable to cope with Mr. Fears in an argument, secured the assistance of Mr. James Hurd, a learned and able speaker, who supported him in the heat of the contest.

The question was, "Which has the greater right to maintain of the treatment they have received in the hands of the white man, the Negro or the Indian?" The question was argued by the four spoken of above, and decided in favor of the affirmative. We will have to give up that Joseph B. Fears is the best debator in this end of the county of his age and practice.

PLAN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made thicken the teeth, cause headache, and are otherwise injurious.

Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not thicken the teeth, cause headache or constipation, and is positively non-injurious.

Saved his Child.

27 N. E. St. Baltimore, Md. Feb. 11, 1883. Gent—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was seriously convinced was wasting away with Consumption. After three days I began to see the results, and under the care of my physician, I was told to be careful that nothing could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A little daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required," and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it."

ADAM PHILIPS.

Brown's Iron Bitters effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

KENDALL'S SPAVINCURE

THE MOST SUCCESSFUL REMEDY ever discovered, and it is certain in its effects and does not blister. READ PROOF BELOW. Also excellent for human life.

FROM COL. L. T. FOSTER.

Youngstown, Ohio, May 10th, 1883. Dr. B. J. Kendall & Co. Gent—I had a very valuable home-remedy that I prized very highly, but had a large bone spur on my right joint, and one on the left. I was one day failing the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined to try it, and got our druggists here to send for it, they ordered three bottles. I thought I would give them a thorough trial, I used it according to directions and the fourth day the joint ceased to be sore and the bone spur disappeared. I used but one bottle and the cure is as free from lumps and so smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I set out to have the remaining two bottles, who are now using it. Very respectfully, L. T. FOSTER.
